**Elevating Swimming Excellence in
Schools**

A photograph of a swimming coach and swimmers in a pool. The coach, a man with a beard and tattoos, is wearing a black t-shirt with "AP" and "CASTOR" logos. He is smiling and holding a medal. A swimmer in a black and white swimsuit is standing in front of him. Other swimmers are visible in the background, some standing on a starting block. A digital display in the background shows the time "09:41:13" and the text "BETTER THAN YESTERDAY".

Transforming School Swimming Programmes with Olympic Excellence
Swimming is more than just a sport—it is a critical life skill that fosters physical fitness, mental resilience, and personal discipline. Through our exclusive partnership with AP Race, led by Triple Olympic Champion Adam Peaty OBE, TEEMS Global offers an elite swimming programme tailored to schools seeking to enhance their sports provision with world-class coaching and development pathways.

This collaboration ensures that schools can integrate a structured, high-performance swimming curriculum that provides students with the best opportunities for growth, achievement, and international exposure.

About TEEMS Global

TEEMS Global is the official AP Race partner for Southeast and Greater Asia. We work Collaboratively with Adam Peaty, Ed Baxter, and the AP Race leadership team to uphold the highest standards in swimming education. As a leading specialist in international school engagement, sports event management, and residential education, TEEMS Global provides strategic solutions for schools aiming to develop elite-level sports programmes and holistic student development initiatives.

- **International School Partnerships:** Collaborating with top-tier institutions to enhance academic and extracurricular excellence.
- **Sports & Outdoor Education:** Designing and implementing high- performance training camps across multiple disciplines.
- **Event & Programme Management:** Delivering large-scale sports events, academic initiatives, and leadership training.

As the exclusive partner of AP Race in ASEAN, Taiwan, Hong Kong, and Korea, TEEMS Global ensures seamless implementation of high-performance swimming programmes in schools.

About AP Race

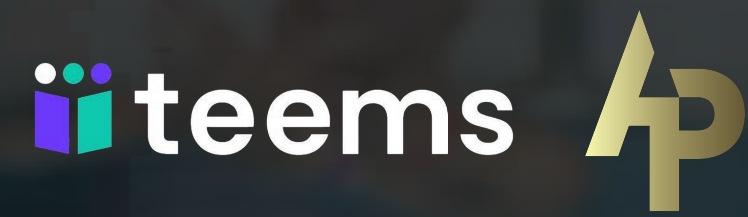

AP Race, founded by Adam Peaty OBE and Ed Baxter, is an internationally recognised organisation that delivers elite-level swimming training and competition development. The programme is designed to revolutionise the swimming landscape by combining expert coaching, world-class training methodologies, and access to international competitive platforms.

- **AP Race Clinics:** Intensive training experiences led by Olympic-level coaches, including direct insights from Adam Peaty.
- **AP Race Plus:** A global digital coaching platform providing world-class guidance to swimmers.
- **AP Race London International:** The largest non-major championship swimming competition in the world.

By integrating AP Race into your school's sports programme, students gain access to an unparalleled swimming education framework that enhances both skill development and competitive performance.

Importance of Curriculum Swimming

Swimming plays such a vital role in education; it is a statutory requirement of the British curriculum and also a key contributor to students' physical and mental well-being.

Alignment with the British Curriculum and DfE Standards

The National Curriculum for England highlights swimming and water safety as a statutory element within physical education for primary students. By the end of Key Stage 2, students are expected to:

- Swim competently, confidently, and proficiently over a distance of at least 25 meters.
- Use a range of strokes effectively (e.g., front crawl, backstroke, and breaststroke).
- Perform safe self-rescue in different water-based situations.

In addition to the physical skills taught, swimming supports broader curriculum goals by fostering resilience, teamwork, and self-discipline. These are key attributes emphasized in the DfE's focus on holistic physical education.

Meeting Standards for British Schools Overseas (BSO)

For schools accredited under the British Schools Overseas (BSO) framework or following the British Curriculum, the provision of a robust swimming curriculum demonstrates compliance with safety, physical education, and personal development standards. Incorporating swimming lessons ensures that students benefit from a comprehensive education that aligns with both BSO standards and the ethos of a British education, offering tangible evidence during inspections.

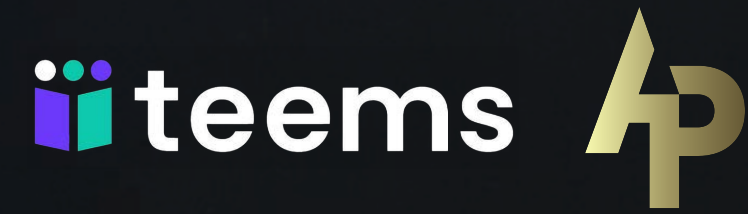

Broadening Horizons: Careers and Opportunities

Swimming is not just a life-saving skill but also a gateway to a wide range of professional opportunities, including:

- Competitive sports and leisure activities.
- Lifeguarding, coaching, and careers in the sports and leisure industries.
- Pathways into fields like marine biology, professional diving, and outdoor adventure leadership.

By embedding swimming into the curriculum, students gain access to these avenues while enhancing their physical health, mental resilience, and social skills.

How Can We Partner?

We are excited to share that AP Race is expanding and seeking new school partnerships where we can add significant value to a school's ethos, sporting ambitions, and educational goals. Our partnerships fall into two key areas:

1. Curriculum Swimming Delivery

Curriculum Swimming Delivery

AP Race offers a world-class swimming curriculum, ensuring exceptional instruction for all students. Additionally, we can serve as the Director of Aquatics, reporting directly to the school's Director of Sport on the progress and impact of swimming within the curriculum. This service is charged at a weekly rate based on the number of team members required.

The Benefits:

- Experts to guide and support swimming learning as part of the wider PE curriculum.
- Cost-effective service—schools are only charged for operational weeks, eliminating unnecessary payroll expenses during school closures.
- Continuous staffing coverage—AP Race manages staff replacements, ensuring uninterrupted curriculum delivery.

2. After-School Academy Delivery

Academy Delivery

Partnering with AP Race Swimming Academy provides students with world-class swimming opportunities and enhances the school's appeal to families with aspiring swimmers. This unique offering attracts students seeking elite training alongside their academic studies.

Our USPS

- Holistic child and athlete approach
- Completely revolutionary aquatics pathway
- Triple Olympic Champion Athlete and Standards
- Industry-leading software partnership to ensure safety
- World-leading team of all areas with proven track record of excellence

The Difference Between Curriculum & Academy Sessions

- **Curriculum Swimming:** Focuses on water safety and fundamental swimming skills, ensuring students can swim at least 25 metres and understand water safety in different environments.
- **After-School Academy:** Enhances technique, stroke efficiency, and competitive performance, supporting swimmers in progressing beyond the basics.

Both programs are essential—curriculum lessons build confidence and safety, while after-school sessions develop advanced skills and athletic potential.

Why Schools Choose AP Race With TEEMS Global?

Elevated School Reputation

Becoming a centre for elite sports development enhances the school's standing among international institutions.

Student Attraction & Retention

A world-class swimming programme is a unique selling point for both prospective and current students.

Enhanced Academic & Sporting Balance

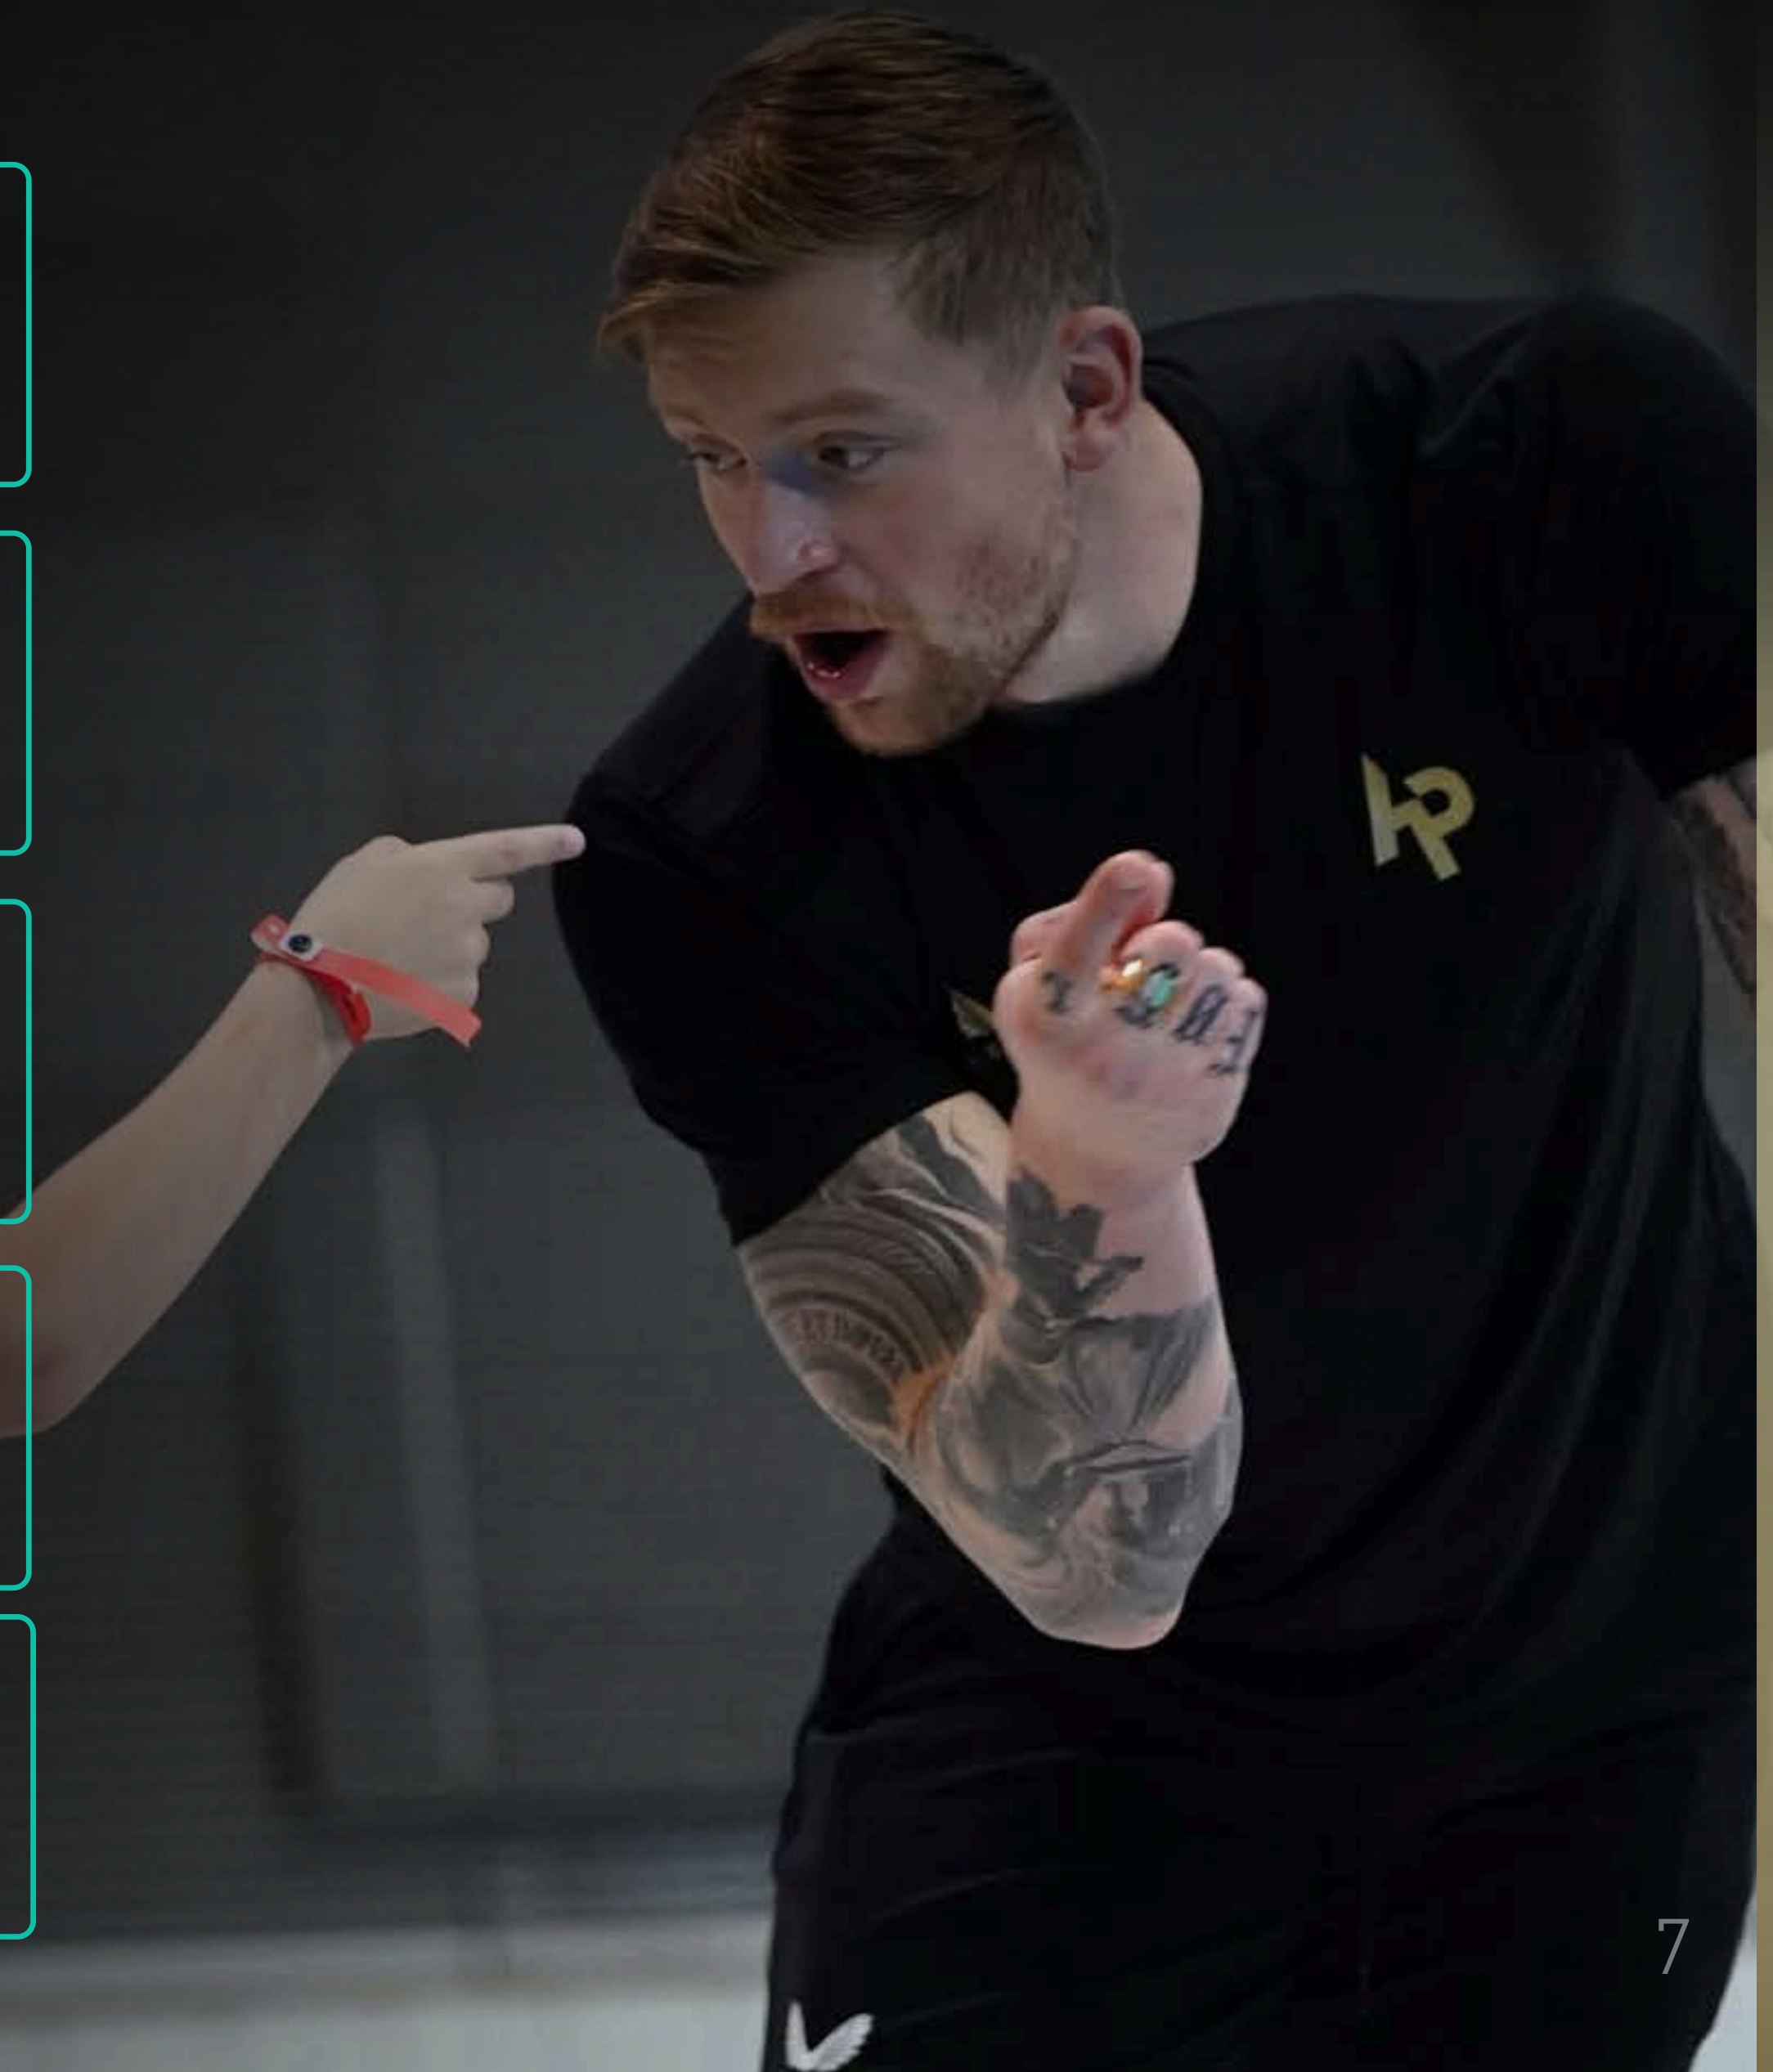

The programme fosters discipline, time management, and goal-setting skills that translate into academic success.

Structured & Customisable Integration

Whether your school seeks a full-scale academy or competitive swim clinics, we tailor our offerings to your specific needs.

Pathway to Professional & Collegiate Opportunities

Students gain exposure to university scholarships, national team selection, and professional swim circuits.

Impact On Student Development

1. World-Class Training & Skill Development

- Designed to ensure technical excellence from the first stroke to competition success.
- Every student benefits from structured coaching based on Adam Peaty's proven methods.

2. Personal Growth & Resilience

- Swimming is a sport that builds mental strength, resilience, and leadership.
- Our programmes instil confidence, self-discipline, and a competitive spirit.

3. Exclusive Competitive Opportunities

- Students gain experience at elite training camps, international competitions, and Olympic-level workshops.
- Direct interaction with world champions and Olympians provides inspiration and motivation.

Next Steps

Elevate Your School's Development

TEEMS Global is the exclusive regional partner for AP Race in ASEAN, Taiwan, Hong Kong, and Korea. Schools partnering with AP Race gain a unique opportunity to transform their swimming curriculum and elevate their competitive standing.
